

Assignments

Each assignment must be emailed to me on the day that it is due. Any assignment received after midnight of its due date will be penalized 5% for each class session after the due date. In addition, printed copies of each assignment must be submitted at on the day it is due.

Make sure your name, section number, and homework number appear in the upper-left corner of both the electronic and hard copies. If an exercise has multiple sheets, then staple them together. Do not staple different assignments together. Disorganized assignments (pages out of order, mislabeled, unreadable, etc.) will receive zero points. If your assignment is multiple sheets, sequence it according to the order of the exercise.

Schedule of Assignments & Examinations, Spring 2009
