Books

Problem Solving with C++, Second Edition, Jones & Harrow (required)

Workbook for C++, Third Edition, Langsam (recommended)

Tests, Grading Policy

2 class tests 40%

Codelab 5%

8 programs 20%

final exam 35%

To receive an A+, A or A-, you must hand in all 8 programs.

To receive a grade of C or above, you must hand in at least 4 programs.

Note that the CIS Dept. requires a C or better to continue to the next course.

This requirement is independent of your overall average.

Attendance: You are expected to attend all classes. No make-ups will be given on tests or the final unless you have informed me in advance that you will miss a test, and I have approved your absence.

Assignments: Assignments must be submitted as email attachments. Late assignments will be penalized 1 point per day, and no assignment will be accepted more than 14 days late. No assignments will be accepted after the final exam. See Program Submission Policy for details.

Academic Integrity: The faculty and administration of Brooklyn College support an environment free from cheating and plagiarism. Each student is responsible for being aware of what constitutes cheating and plagiarism and for avoiding both. The complete text of the CUNY Academic Integrity Policy and the Brooklyn College procedure for implementing that policy can be found at this site:

<http://www.brooklyn.cuny.edu/bc/policies>. If a faculty member suspects a violation of academic integrity and, upon investigation, confirms that violation, or if the student admits the violation, the faculty member MUST report the violation. This means that if you cheat on a test or an assignment, I must file a report which will initiate academic penalties.

Time: This course requires at least 10-15 hours per week outside of class. If you do not have this amount of time, due to work, other classes, or family obligations, DO NOT TAKE THIS CLASS!
